## **COVID -19 SAFETY PROTOCOL IMPLEMENTED AT TYLER PARK CENTER FOR THE ARTS AND EARTH CENTER POTTERY:**

In response to the current health and safety crises and as TPCA and ECP open our doors to begin offering in person workshops, classes and camps, CDC Guidelines are being followed including the following:

- **Masks must be worn by instructors and students at all times inside the buildings**

One exception: Artistic mediums necessitating the use of open flame do not allow for mask wearing. Social distancing, air flow and the natural cleansing qualities of fire in lieu of masks in instances where masks could prove dangerous to the wearer. This only applies to flame worked glass workshops

- Social distancing practices are in place at all times
- Hand sanitizing and washing is encouraged upon entry of the art center and during classes and workshops
- Classes, Workshops and Camps are limited to 10 participants, with August Summer camps allowing for up to 2 separate groups of 8 participants
- It is with a heavy heart that I relay the news to you that even with the best intentions for moving forward with Crafts in the Meadow 2020, the decision has been reached to cancel the show this year. In painstakingly analyzing the pros and cons, it would be irresponsible of us to hold a big event with artists and patrons coming together from various counties, states, and cities during a pandemic, as much as we are pained not to be able to offer a venue for artists to recoup some of the losses that this year has brought.

In the hopes of bringing some sales your way, all of our 2019 and 2020 show artists will be featured on our website with links to their websites.

- All surfaces, restrooms and tools will be cleaned in between workshops, classes and camps
- Only instructors, staff, and participants are allowed into the building. The general public may not enter the buildings

Thank you for your consideration.
